Subject: **Data Sheet Specification Change for Intersil Product ZL1505\***

This notice is to inform you that Intersil has updated the data sheet specification for the listed ZL1505\* products. The changes to the PWM Input Logic Low ( $V_{IL}$ ) and PWM Input Logic High ( $V_{IH}$ ) limits are necessary to maintain product manufacturability in support of customer delivery requirements. The removal of the maximum limits for the Minimum PWMH On-time to Produce GH Pulse ( $t_{PWMH,ON}$ ), Minimum GH On-time Pulse ( $t_{GH,ON}$ ), and Minimum PWMH Off-time to Produce Valid GH Pulse ( $t_{PWMH,OFF}$ ) parameters align the data sheet specification with the historical test methodology. The updated data sheet is available on the Intersil web site at <http://www.intersil.com/data/fn/fn6845.pdf>.
