

Product Advisory (PA)

Subject: Change of the Custom Inner Label Pasting Method for Product Shipment in Tape & Reel Form

Publication Date: February 22, 2024

Effective Date: March 21, 2024

Revision Description:

Initial Release

Description of Change:

Renesas will introduce peel-off label for Custom Inner Label in Tape & Reel product shipments.

The content and format of the Custom Inner Label including the packaging materials will remain unchanged.

In addition, Renesas Standard Inner Label will be added onto all custom-labeled product shipments in the form of Tape & Reel, Tray and Tube.

Kindly refer to Appendix A to F for comparison between the existing and new label pasting method.

Affected Product List:

All legacy IDT custom-labeled products.

Reason for Change:

To align Custom Inner Label pasting method for legacy IDT following other Renesas entities.

Impact on Fit, Form, Function, Quality & Reliability:

This change will have no impact on the fit, function, quality, reliability, and environmental compliance of the products.

Qualification Status: Not applicable.

Sample Availability Date: Not applicable.

Device Material Declaration: Not applicable.

Questions or requests pertaining to this change notice, including additional data, must be sent to Renesas within 30 days of the publication date.

For additional information regarding this notice, please contact idt-pcn@lm.renesas.com
